## President's Message

By: Gene Tsukamoto

Well August is here and most the state is shrouded in smoke. So, I guess most of us should count our lucky stars that we live near the coast.

Vice President, Wilson and I have spent the last two weeks scrambling to schedule a speaker for our general meeting, but because of circumstances and time restrictions, this will not happen for August. To add to this situation, Now the Flying Artichoke will be closed until August 15th. So it turns out that we won't be able to have our general meeting this Wednesday evening anyway. Hopefully, everything will be back to normal by September. FLY TYING is still on the schedule for August 18th. in the Conference Room @ 6:00 at the Airport. And, the Board

meeting is still on the schedule for August 25, but we'll meet in the Conference Room rather than at the restaurant. We'll be meeting at 6:00 p.m. Thanks to the good graces of the airport manager, Earl Passant.

In the way of fishing reports I heard that Fred and Wilson headed up north to scope out things for next month's outing. Sounds like they did well on the lakes and fished Fall River with great success. Rick tells me that he was fishing Rancho Seco last week with his grandson and broke off the biggest large mouth that he's ever seen. T'll next time....

Reel'm in and grin!

.....Gene

## Wilson needs your help

Wilson needs material for the website from our members. He's asking for good quality photos, fishing reports, anecdotes and stories. If you have anything that you'd like to share, please forward it on to Wilson @ [wilson-inc@comcast.net](mailto:wilson-inc@comcast.net)

August Fly of the Month  
**Zug Bug**

Hook: [TMC 3761 #10-16](#)  
Thread: Black 6/0  
Weighted: Lead Wire  
Body: [Peacock Herl](#)  
Ribbing: Silver Tinsel  
Hackle: Brown Hackle  
Wingcase: Lemon Wood Duck,  
Tail: [Peacock Sword Fibers](#)

Cliff Zug designed this pattern back in the 1940's. By most, it is regarded as neither the most attractive nor most realistic fly, but it does catch fish, and many would attribute its success to one word: Peacock! Consider this for both streams and stillwater fly box.

**Fly Tying is Back**

Drag your tying tools out of that musty closet and head on down to the Salinas Airport next Wednesday (August 18th. @ 6:00). If you're new to this game and don't have all the prerequisite stuff, don't fear.. Come on down anyway. You can come and just watch or join right in. These guys always have all the stuff you'll need. Everyone is welcome!

## Muddy River Classic Hits the Spot

Thanks goes out to the BBQ crew, Chuck and Chris and all the Dutch Oven cooks. Tri-tip, and Chicken were spot on. The bean and salad tied it all together and the desserts couldn't have been better. Also thanks to all the folks who brought raffle prizes. It was great to see so many of the club members.
